The Office of sustainability in partnership with the Baltimore Community Foundation launched the Baltimore Neighborhood Energy Challenge (BNEC) in order to motivate household to reduce their energy usage.

The program is designed to raise awareness, reduce residential energy use and stimulate the demand for energy conservation services. BNEC started by organizing 8 neighborhoods and currently has expanded outreach to 12 additional neighborhoods.

On Behalf of the Baltimore Neighborhood Energy Challenge I would like to THANK YOU, for pledging to help your household save money and protect the environment.

Thank You!
